

Project Design Phase-I Solution Architecture

Date	11 October2022
Team ID	PNT2022TMID22532
Team Lead	Divya Dharshini R
Team Members	Janani C S Subhashini S Vismaya M J
Project Name	Airlines Data Analytics for Aviation Industry
Maximum Marks	4 Marks

Solution Architecture:

Solution architecture is the practice of designing, describing, and managing solution engineering to match it with specific business problems.

- Find the best tech solution to solve existing business problems.
- A solution architect is in charge of leading the practice and introducing the overall technical vision for a particular solution
- Define features, development phases, and solution requirements.
- Provide specifications according to which the solution is defined, managed, and delivered.
